

## Stageplan

### Blue Grass Boogiemmen F5 set-up

This set-up is required in all situations where the acoustic set-up is inadequate because of interfering surround noises such as festivals with more than one stage near to each other. All instruments are wired up thru D.I.'s. There are three sm58 microphones on single stands at front stage. Four monitor wedges or side-fills with total sound spectrum.

#### Patch list:

1. D.I. for banjo pick-up + power source 230v
2. D.I. for mandolin pick-up
3. D.I. for guitar pick-up
4. D.I. for bass pick-up + phantom 48v + power source 230v
5. sm58 on a single stand for vocals
6. sm58 on a single stand for vocals
7. sm58 on a single stand for vocals

Blue Grass Boogiemmen will bring their own microphones + single stands and D.I. 's for banjo, guitar and bass.
